SUMMARY

Full Stack Web Developer leveraging management background and a life-long dedication to learning. Effective at combining creativity, customer service experience and problem solving to ensure efficient mobile-first design and innovative web development. Known for open and clear communication to benefit teamwork and a strong commitment to achieving goals for business success.

TECHNICAL SKILLS

JavaScript | MongoDB, Express.js, React.js, Node.js | C# | | MySQL | Responsive Design | CSS Frameworks | Git

PROJECTS

1. Wine & Dine Web App | GitHub: <https://github.com/DariaNau/group-project-wine-app>

Deployed Project: <https://darianau.github.io/group-project-wine-app/>

- A collaborative project focused on agile development methodologies and implementation of features and bug fixes using the git branch workflow and pull requests. Wine & Dine App offers suggestions on food and wine pairings based on user's choice of grape varietal. It recommends food pairings based on Spoonacular APIs large and diverse food database and includes information about ingredients, allergies and cooking instructions of the chosen recipe.
- Core responsibilities: Developed project management plan | created User Story & User Flow | integrated three different APIs | styled dynamically generated elements from multiple AJAX calls | created basic JSON data and integrated with Algolia API for autocomplete feature | implemented animated loader and modal on input.
- JavaScript & jQuery, HTML5, CSS3, two server-side APIs, four server-side APIs, JSON data objects.

2. Server-Side APIs: Weather Dashboard | GitHub: <https://github.com/DariaNau/weather-dashboard>

Deployed Project: <https://darianau.github.io/weather-dashboard/>

- The Open Weather API is used to retrieve weather data for cities. AJAX is used to hook into the API to retrieve data in JSON format. The App saves the result in Local Storage. Fully responsive.
- JavaScript & jQuery, HTML5, CSS3, Bootstrap 4, AJAX, JSON.

3. Third-Party APIs: Day Planner | GitHub: <https://github.com/DariaNau/day-planner>

Deployed Project: <https://darianau.github.io/day-planner/>

- A simple calendar application that allows the user to save events for each hour of the day. Clicking on the save button will store the time and user input in Local Storage. Each hour is color coded to reflect whether the time slot is in the past, the present, or the future. This will change depending on the time of day. Fully responsive.
- HTML5, CSS3, JavaScript, Bootstrap 4, as well as <https://momentjs.com/> library.

4. Coding Quiz App | GitHub: <https://github.com/DariaNau/code-quiz-app>

Deployed Project: <https://darianau.github.io/code-quiz-app/>

- A timer-based quiz application that calculates and stores high scores client-side. This application is also responsive, ensuring that it adapts to multiple screen sizes.
- JavaScript & jQuery, HTML5, CSS3, Bootstrap 4.

5. Password Generator | GitHub: <https://github.com/DariaNau/password-generator-js>

Deployed Project: <https://darianau.github.io/password-generator-js/>

- This application generates a random password based on user-selected criteria by validating user input. As a result, the user will be presented with a password matching the answered prompts and an option to copy it to clipboard. Fully responsive.
- HTML5, CSS3, JavaScript, Bootstrap 4.

EXPERIENCE

Chateau Elan Winery & Resort, Atlanta, GA, USA

Dec. 2018-Dec. 2019

<https://www.chateauelan.com/>

Was employed as a winery supervisor performing coordination of all aspects of the winery tasting rooms, to maintain excellent customer service and consistent staffing while maximizing outlet's revenue.

Key Accomplishments:

- Developed a team of 15 wine stewards and implemented a training manual that ensured providing each guest with a memorable and educative experience.
- Created a manual for new standard work procedures, wine programs, and events that improved the quality of customer service and profitability of the winery tasting room.

ArtWaves, Art Center, Bar Harbor, ME, USA

Nov. 2016– Oct. 2018

<https://www.artwavesmdi.org/>

Worked as a social media marketing manager executing and expanding data-driven marketing campaigns with sales activities including social media marketing, promotion, and lead generation.

Key Accomplishments:

- Additionally, self-mastered coordinating the ongoing management of WordPress based website, graphic design, and basic SEO.
- ArtWaves MDI received Chamber of Commerce's Rising Star Award (08/2018) recognizing the nonprofit's recent growth influenced by excellent social media strategy.

The Canal Bar & Restaurant, Worcester, MA, USA

Jul. 2015– Feb. 2016

<http://thecanalrestaurant.com/>

Social media marketing assistant in a bar/restaurant/night club with a 125+ person capacity. Oversaw business operations including marketing strategy, social media presence, customer loyalty & promotional programs of the restaurant, as well as market analysis, targeting, and segmentation.

Key Accomplishments:

- Discovered new customer behavior patterns by conducting primary search into the most sold items, which reduced monthly costs of the restaurant.
